

PAPER JOGGER 400

TABLETOP PAPER JOGGER

QUICK, COMPACT, EASY-TO-USE
PAPER HANDLING SOLUTION

TABLETOP PAPER JOGGER

PERFECTLY ALIGNED, STATIC-FREE PAPER STACKS IN SECONDS

The Paper Jogger 400 aligns stacks of paper and removes static electricity buildup that can cause paper jams in:

- ▶ Folder-Inserters
- ▶ Copiers
- ▶ Folding machines
- ▶ Printing presses
- ▶ Paper cutters
- ▶ Perforators
- ▶ Binding machines

Joggers also cool paper and dry toner or ink before moving material from printers to paper processing machines like folder-inserters. The Paper Jogger 400 can jog one ream of 8 1/2" x 11" or half-ream of 8 1/2" x 14" paper at a time.

The Paper Jogger 400 is the industry standard for modest volume paper jogging. This compact tabletop jogger is very easy-to-use and works right out of the box (no special setup required). Enjoy perfectly uniformed and aligned paper in seconds!
